

Caerphilly County Borough Council

Energy Management and Carbon Consultancy

BACKGROUND:

Caerphilly County Borough Council in Southern Wales formed in 1996 following the merger of the Mid Glamorgan and Gwent boroughs. It serves a population of just over 178,500.

BRIEF:

Assist the Council in achieving their ambitious carbon reduction goals, set out in a 5-year high level carbon strategy, by conducting a wholesale review of potential carbon reduction measures across the council's estate of over 800 buildings.

SERVICES PROVIDED:

Reviewed all the Council's Energy Management Systems and made recommendations for improvement. Examination of the Council's use of their AM&T software package, energy consumption reporting and procedures for utility procurement. Developed a Carbon Reduction Investment Action Plan to form a basis for investment decisions and strategies for achieving improved energy efficiency and CO₂ emissions reductions in line with Council targets. Specific recommendations to achieve meaningful energy savings in 6 key sites, including the flagship Penallta House
